Dental Odontogenic Lesion CBCT and Histopathology Integrated Dataset Access Agreement

This Dataset Access Agreement governs access to and use of the **Dental Odontogenic Lesion CBCT and Histopathology Integrated Dataset (DOLCHID)**. By requesting, receiving, or using the Dataset, the undersigned user agrees to the following terms and conditions.

1. Permitted Usage

- The dataset may be used exclusively for non-commercial academic research and educational purposes.
- The dataset must not be used for any commercial purpose, including but not limited to advertising, marketing, or sale of data or derivative works. Any use beyond academic research requires prior written consent from the Dataset administrators.

2. Restrictions on Distribution

- The User may not distribute, share, or transfer this dataset, in whole or in part, to any third party.
- Limited excerpts (e.g., figures or small subsets) may be included in academic publications or presentations solely to clarify research findings, provided that proper attribution is given.

3. Access Procedure

Access to the Dataset will be granted only after
- The User has signed this Agreement.
- The signed Agreement has been submitted to the administrators by email [zimo.huang@sydney.edu.au].

4. Publication and Acknowledgements

Any publication, presentation, or educational material that results from the use of the

DOLCHID must properly cite the Dataset and the related reference publications.

- Citation details may be updated by the Dataset administrators
- The User is responsible for using the latest citation information provided.

[1]

5. Research Intent Disclosure

Prior to commencing research, the User must disclose their intended use of the Dataset. This includes:

- A brief description of the planned research project
- Identification of the responsible principal investigator or supervisor (if applicable)

I have read and agree with the Dataset Access Agreement for Dental Odontogenic Lesion CBCT and Histopathological Integrated Dataset. I will take full responsibility for the use of the data. I would like to use this dataset to pursue the following research:

_____

_____

_____

_____

_____

_____

_____

_____

6. Compliance and Responsibility

- The User is responsible for ensuring compliance with this Agreement by all members of their research group who access the Dataset.
- The User affirms that they will handle the Dataset responsibly and in accordance with applicable ethical and institutional standards.
